

Galion habille vos produits!

Supercube Range[®]

Galion offers a range of rectangular packaging designed for the packaging of food and non-food products with a volume ranging from 1.15L to 7.8L. Our original packaging makes it possible to distinguish itself from round shapes and above all to optimize space.

MAIN ADVANTAGES

Supercube Range[®]

- Empty or filled, their rectangular shape ensures space optimization in terms of storage and transport
- Standard lid for certain volumes (3.6L and 5.5L)
- Perfect liquid tightness
- Presence of a collar incorporating the handle guaranteeing better robustness of the bucket and optimization of the decorative surface
